

Ski touring at our mountain Dundret

Join me on a ski tour at our beautiful Dundret mountain. Dundret has 5 peaks, of which the highest peak is 823 meters. We take the chairlift Dundret Express up to the top station. Once up, we start skiing. It's easy and the feeling of going on a large glacier is evident. When we reach the highest point, Åke på Toppen, 2.5 km from the lift, we can (in clear weather) see 1/11 part of Sweden and Kebnekaise, Swedens highest mountain. Up there we take a coffee break with our lunch bag.

If you wish, we can make a longer trip to Västtoppen, where an octagonal windshield with windows 360 all around, gives a fantastic view. When we skiing home we end up taking the Dundret Express down.

Time for ski tour

Option 1 ca 3-4 km, ca 3 hours

Option 2 ca 10 km, ca 5 hours

Price excl Dundret Express

Option 1 450 Skr/person, min 3 persons
